SUBJECT: Summary of meeting on LQR Report

25X1A9a

The results of our meeting with [REDACTED] about the numerical reports we will receive on Language Qualifications appears to me to look like this:

Reports A&B as we have them now will be changed so that A will show proven competency only and B will show claimed plus proven-- and not comprehensive.

On the report showing disclaimers the headings common to reports A&B will be used.

There will be a list of native competencies, but in reports A&B "N" will be shown as high.

✓ Writing will not be shown.

"Slights" will be listed separately, but mixes with "slights" will be shown in reports A&B.

The comprehensive level will be determined by the lowest level of the five elements and native comprehensive will be shown as a special group.
